There can be mechanical issues in your Acura if the ignition system has worn out or faulty spark plugs. This is because spark plugs are a key component in the ignition process. You should be checking all parts of the ignition system in your car on a routine basis, especially the spark plugs. The spark plugs have to generate the bolt of electricity needed for combustion, so if they are failing, you'll have a hard time getting your car started. You could experience misfires when your car is ...

## **1994 Acura Legend - Redline:**

### **Review**

The Acura Legend is a mid-size luxury/executive car manufactured by Honda. It was sold in the U.S., Canada, and parts of China under Honda's luxury brand, Acura, from 1985 to 1995, as both a sedan, which was classified as a full-size car, and a coupe, which was classified as a mid-size car (similar to how the Honda Accord is set up today).
