It's hard to believe but your old Yamaha 150ETLF originally rolled out of the Yamaha factory back in 1989. In terms of outboard motors, it's now officially middle aged! That means it needs a bit more TLC than it did when it was still a brand new motor, and seeing as it can't fend for itself, you're the one who's going to have to make sure it gets that TLC.

Yamaha Decals - Outboard Engine Decal Replacements

Hi all. I have a shifting problem with my Yamaha outboard motor. It is model 40EMD manual control. I have owned it since new and its never been a problem until now. The engine has not had a lot of use as after about the third season of use, it was stored away inside until about 3 years ago. At this time I brought it out,
