Blame My Brain: Morgan, Nicola: 9781406311167: Amazon.com ...

Blame My Brain was the first book in the world to show teenagers what's going on in their heads. It changed the way adults think about adolescence. It speaks directly to teenagers but parents and teachers usually grab it and devour it eagerly. What scientists have discovered about the teenage brain will amaze, empower and reassure you, whether you're a teenage or an adult who cares about teenagers.
