A problem with Heikin Ashi is that while it gives you a great overview of overall direction, it is rarely possible to use it as a replacement for normal Japanese candlesticks. The reason for this is that actual price data is lost, since the candles are more akin to a moving average than a different way to see price action.

There was a Morning Star candlestick pattern here. It is a bullish three-bar reversal candlestick pattern. After the bullish swing that filled the earlier price gap, Heiken-Ashi dojis coincided with the Three Black Crows pattern. This bearish candlestick pattern led to the down swing which ended with a double bottom.
